An order book is the list of orders (manual or electronic) that a trading venue (in particular stock exchanges) uses to record the interest of buyers and sellers in a particular financial instrument.A matching engine uses the book to determine which orders can be fulfilled i.e. what trades can be made.

### **Order book (trading) - Wikipedia**

Yup, that's it. It's just a list of the names of the files in your manuscript folder that you want to appear in your book, in the order you want them to appear. Think of it as your Table of Contents. Book.txt and the manuscript Folder. You may have noticed that the list of files in Book.txt does not have to include all of the files in your manuscript folder.

When you sell a used car privately it's important to provide a 'sold as seen, tried and approved without guarantee' receipt, though you should bear in mind that this doesn't affect the buyer's legal rights. The car must match any description you give in writing or verbally in the course of the sale.
