TEN IMMIGRATION MYTHS - CLINIC

Cato Journal. Greenspan Fed to follow this rule that led to the credit bubble after the dotcom bust. The reasons for this failure are provided by Hayek's refurbished Austrian theory of the trade cycle. Hayek saw divergences between the Wicksellian natural and market rates of interest as causing booms and slumps.

IMMIGRATION AND THE WELFARE STATE Daniel T. Griswold Among the more serious arguments against liberalizing immigration is that it can be costly to taxpayers. Low-skilled immigrants in particular consume more government services than they pay in taxes, increasing the burden of government for native-born Americans. Organizations such as the Center for Immigration Studies, the Heritage ...
